

Myrtleford Golf Club Newsletter

July 2018

Greetings from sunny Queensland! Enough said.....

We see that the weather in NE Victoria has hit the winter chill and that there's been welcome rain. Great for the farmers and keen skiers. Maybe not so jolly for playing golf.....

Notes

Treasurer Graeme & committee are seeking feedback about a proposed increase in club subs. Fees haven't altered for 2 years, but costs have risen. A \$50 increase has been suggested. Have your say via email or post and attend the AGM on 22th October.

Congratulations to club members who contributed to the Crepe Myrtle drive which saw 25 trees planted around the course. Special thanks to the tree planters themselves.

News from the kitchen is that a food blender and Dyson stick vacuum have been purchased from proceeds of recent raffles. More whizz in the kitchen!

The report from Grounds person Dave reiterates how good the greens are at present. The fairways have been sprayed so it's all systems go for the rest of the year.

Get your entries in for the **Golf for a Cause** event on **September 23rd**. \$25 per person, sponsored by Drummonds.

Golf has its challenges.....

Play the ball as it lies!!

Round the Traps

Congratulations to Betty Newton who celebrated a significant birthday on the 18th July.

Pretty in blue—a random matching trio.

A visitor in the on course cistern

Our thoughts are with Alan Jagoe, Jiggsie, currently undergoing radiation treatment. The course will be missing Jiggsie's regular clean ups with his 4 legged friend.

Where have they been? Or where are they now?

If you've noticed numbers have been down—there's a reason, mainly related to holidays and travel. The Newtons & Piazzas were cruising the Adriatic experiencing the wonders of the Croatian coastline, Angela & Karl were being serenaded in Venice, Marnie & Jim enjoyed beverages in Paris, Italy & London, Lyn Brown did us proud wearing her club shirt in Scotland & Portugal, & Ternses & Rosebys are closer to home, touring in their caravans.

You Cannot Be Serious!!!!

Dan & Rob are playing at a spectacular new golf course, built on very scenic terrain—cliffs & gullies included. They reach the 6th, where Dan slices a ball into a thickly wooded gully. He is determined not to incur a penalty, so he grabs an 8 iron and starts descending in search of his ball. The bush is terribly thick and the sunlight blocked by the overhanging branches. Dan keeps searching & finally spots something shiny below. As he nears the object, he realises it's not a golf ball but a golf club, an 8 iron, and it's in the hands of a skeleton. Dan yells for his playing partner. "Hey Rob, I've got trouble down here". Rob hurries over to the edge of the gully and yells, "What's the matter?"

Dan replies, "Bring me my 7 iron. You can't get out of this stuff with an 8!!"

Updates & Results

Keep up to date with what's on and for the weekly **golf results** by logging onto the **MGC website**. Send me news & photos.
